

# Family First Night

**Wednesday, March 22**

**Join Keystone Schools** and our local businesses by taking an evening to recognize the importance of putting our **Families First**. In the hustle and bustle of our daily lives, spending **quality time** with our family, eating, playing games, or just enjoying each other's conversation, is often unintentionally secondary to the many commitments we have to fulfill. On **March 22**, we are keeping the focus on our families and will not be holding any after-school activities, games, practices, or events.

Several local businesses have joined us in this effort, and on this day, they will have **discounts** and **promotions** on their foods and services. Simply bring this flyer with you or show it on your smartphone on Wednesday, March 22 to enjoy their **Family First** discounts.
