**Keystone Local School District – Lorain County**  
**Notes to the Five Year Forecast**  
**General Fund Only**  
**November 15, 2021**

**Introduction to the Five Year Forecast**

School districts are required to file a five (5) year financial forecast by November 30, 2021, and May 31, 2022 for fiscal year 2022 (July 1, 2021 to June 30, 2022). The five-year forecast includes three years of actual and five years of projected general fund revenues and expenditures. Fiscal year 2022 (July 1, 2021-June 30, 2022) is the first year of the five-year forecast and is considered the baseline year. Our forecast is being updated to reflect the most current economic data available to us for the November 2021 filing.

**Economic Outlook**

This five-year forecast is being filed during the ongoing global health and financial recovery from the COVID-19 Pandemic which began in early 2020, and continues due to several serious virus mutations such as the Delta, Alpha B.1.1.7; Beta B.1.351, and; Gamma P.1 strains. The effects of the pandemic continue to impact our state, country and our globalized economy. Our school district plays a vital role in the recovery in our community and we have maintained continuity of services to our students and staff. As noted in the graphs below, the State of Ohio's economy has steadily recovered over the past year thus the full restoration of the original school foundation funding cuts from May 2020 are being restored to school districts beginning July 1, 2021. While increased inflation impacting district costs are expected to continue over the next few years, the economy is also expected to continue to grow as the recovery from the pandemic continues.

Source: Ohio Office of Budget and Management

Source: Ohio Office of Budget and Management

As a result, from the financial stresses that responding to the pandemic placed on school district budgets, all school districts are being aided by three (3) rounds of federal Elementary and Secondary Schools Emergency Relief Funds (ESSER) which began being disbursed in fiscal year 2020 and can be extended into fiscal year 2025 for ESSER III expenses. The ESSER funds and restored state budget cuts will assist our district in providing vital services to our students.

Data and assumptions noted in this forecast are based on the best and most reliable data available to us as of the date of this forecast.

**Forecast Risks and Uncertainty:**

A five-year financial forecast has risks and uncertainty not only due to economic uncertainties noted above but also due to state legislative changes that will occur in the spring of 2023 and 2025 due to deliberation of the next two (2) state biennium budgets for FY24-25 and FY26-27, both of which affect this five-year forecast. We have

estimated revenues and expenses based on the best data available to us and the laws in effect at this time. The items below give a short description of the current issues and how they may affect our forecast long term:

- I. Property tax collections are the largest single revenue source for the school system. The housing market in our district is stable and growing. We project continued growth in appraised values every three (3) years and new construction growth with continued modest increases in local taxes as the pandemic ends and the economy continues its recovery as anticipated. Total local revenues which are predominately local taxes equate to 56.2% of the district's resources. Long term we believe there is a low risk that local collections would fall below projections throughout the forecast.
- II. Lorain County experienced a reappraisal in the 2018 tax year to be collected in 2019. The 2018 reappraisal increased overall assessed values by \$30.07 million or an increase of 12.31%, which includes reappraisal and new construction for all classes of property. A reappraisal update will occur in tax year 2021 for collection in 2022. We anticipate value increases for Class I and II property by \$31.72 million for an overall increase of 11.02%. There is however always a minor risk that the district could sustain a reduction in values in the next appraisal update but we do not anticipate that at this time.
- III. Public Utility Personal Property tax collections has become a major source of income for the district with the NEXUS pipeline and pumping station. There is a risk that changes in the values could be lowered due to tax appeals or depreciation for future years of the forecast.
- IV. The State Budget represents 43.8% of district revenues, which means it is a significant area of risk to revenue. The future risk comes in FY24 and beyond if the state economy stalls or worsens and the fair school funding plan is not funded in future state budgets or if an economic downturn results in a reduction in state aid. There are two future State Biennium Budgets covering the period from FY24-25 and FY26-27 in this forecast. Future uncertainty in both the state foundation funding formula and the state's economy makes this area an elevated risk to district funding long range through FY26. We have projected our state funding to be in line with the FY23 funding levels through FY26 which we feel is conservative and should be close to whatever the state approves for the FY24-FY27 biennium budgets. We will adjust the forecast in future years as we have data to help guide this decision.
- V. HB110 the current state budget implements what has been referred to as the Fair School Funding Plan (FSFP) for FY22 and FY23. The actual release of the new Fair School Funding Plan formula has been delayed until December which is beyond the filing deadline of the forecast. We have projected FY22 and FY23 funding to be in line with the June 28, 2021 Legislative Service Commission estimates for our district. The FSFP has many significant changes to the way foundation revenues are calculated for school districts and how expenses are charged off. State foundation basic aid will be calculated on a base cost methodology with funding paid to the district where a student is enrolled to be educated. There will be no separate open enrollment revenue payments to school districts beginning in FY22. Also, the previously deducted expenses from a district's state foundation funding for open enrollment, community schools, STEM schools and scholarship recipients will no longer occur as the state will make direct payments to the district where the student is enrolled. The initial impact on the forecast will be noticed that the historic actual costs for FY19 through FY21 on the forecast will potentially reflect different trends on Lines 1.035, 1.04, 1.06 and 3.03 beginning in FY22. Longer term there may be some adjustments for FY22 and FY23 in state aid as the Ohio Department of Education resolves issues and possible unintended consequences as they create and implement the numerous changes to the complicated new formula. Our state aid projections have been based on the best information on the new HB110 formula as calculated by the Ohio Department of Education.

- VI. Labor relations in our district have been amicable with all parties working for the best interest of students and realizing the resource challenges we face. We believe as we move forward our positive working relationship will continue and will only grow stronger.

The major lines of reference for the forecast are noted below in the headings to make it easier to relate the assumptions made for the forecast item and refer back to the forecast. It should be of assistance to the reader to review the assumptions noted below in understanding the overall financial forecast for our district. If you would like further information please feel free to contact Mr. Adam Hines, Treasurer/CFO of Keystone Local School District.

**General Fund Revenue, Expenditures and Ending Cash Balance Actual FY19-21 and Estimated FY22-26**  
The graph captures in one snapshot the operating scenario facing the District over the next few years.

**Revenue Assumptions  
Estimated General Fund Operating Revenues FY22**

**Real Estate Value Assumptions – Line #1.010**

Our district has assessed property value in Lorain County. Lorain County experienced a full reappraisal in Tax Year 2018 for collection in 2019. We realized an overall increase in our total tax base of 12.31% due to inflation and new construction. When values increase due to reappraisals and updates (inflationary increases), reduction factors are increased and House Bill 920 decreases effective tax rates so the district tax revenues do not grow except for 4.62 inside millage. The district is well above the 20 mill floor for residential and commercial property so increases due to reappraisals or updates will only increase revenue by the 4.62 inside millage. New construction will increase annual revenue for all classes of property and we have projected historic trends in both Residential/Agriculture (Class I) and Commercial/Industrial (Class II) property.

A reappraisal update will occur in 2021 for Lorain County and we anticipate a 10% increase in Class I and 5% in Class II values. CAUV values represent 11.4% of Class I residential/agricultural values and while HB49 authorized a reduction in CAUV computations, we have included the possible reduction in the overall increase for Class I values.

**ESTIMATED ASSESSED VALUE (AV) BY COLLECTION YEARS**

	Estimated	Estimated	Estimated	Estimated	Estimated
	TAX YEAR2021	TAX YEAR2022	TAX YEAR2023	TAX YEAR2024	TAX YEAR 2025
<u>Classification</u>	<u>COLLECT 2022</u>	<u>COLLECT 2023</u>	<u>COLLECT 2024</u>	<u>COLLECT 2025</u>	<u>COLLECT 2026</u>
Res./Ag.	\$289,120,954	\$291,945,954	\$294,870,954	\$312,539,502	\$315,464,502
Comm./Ind.	30,583,948	31,973,948	33,363,948	35,087,587	36,477,587
Public Utility Personal Property (PUPP)	<u>37,328,112</u>	<u>37,828,112</u>	<u>38,328,112</u>	<u>38,828,112</u>	<u>39,328,112</u>
Total Assessed Value	<u>\$357,033,014</u>	<u>\$361,748,014</u>	<u>\$366,563,014</u>	<u>\$386,455,201</u>	<u>\$391,270,201</u>

Property tax levies are estimated to be collected at 97% of the annual amount. Technically 100% of taxes will be settled on property due to Ohio's property tax laws. The timing of the tax payments is always in flux but they appear to have normalized. The district receives tax payments for delinquent taxes at the rate of 1.2% in August

and 2.4% in February collections. Property taxes are estimated to be collected at 53.90% of the Res/Ag and Comm/Ind in the February tax settlements and 46.10% collected in the August tax settlements.

Est. Real Estate Taxes	<u>\$7,326,842</u>	<u>\$7,499,376</u>	<u>\$7,607,073</u>	<u>\$7,746,191</u>	<u>\$7,878,703</u>
Total Line #1.01 Real Estate Taxes	<u>\$7,326,842</u>	<u>\$7,499,376</u>	<u>\$7,607,073</u>	<u>\$7,746,191</u>	<u>\$7,878,703</u>

#### **Estimated Public Utility Personal Property Tax (PUPP) – Line #1.020**

This line includes phase out of TPP taxes that began in FY06 with HB66. TPP tax assessments ended in FY11. The only amounts received after FY11 are from delinquent TPP taxes outstanding as of 2010. Any amounts received in this forecast period will be Public Utility Personal Property and delinquent TPP collections from previous periods and we have renamed the line to reflect the source of the collection.

Amounts noted below are public utility personal property (PUPP) tax payments from public utilities. The values for PUPP are noted on the table above under Public Utility, which were \$36.8 million in assessed values in 2020 and are collected at the district's gross voted millage rate of 50.55 mills. Collections are typically 50% in February and 50% in August along with the real estate settlements from the county auditor.

The values in 2019 rose by 103.87 % or \$17.49 million and are expected to grow by \$500,000 each year of the forecast, however there was an increase in 2020 of \$2.51 million in valuations. The large increase is from the NEXUS pipeline that is in our school district. NEXUS appealed the valuations that were set throughout the state for the pipeline, which that appeal has been denied by the Department of Taxation, however, the company has filed a second appeal for an even lower valuation. The second hearing is scheduled for February 2022, depending on the outcome of the hearing the district will either receive the back taxes that have not been paid if the lower valuation is denied or the company will receive refunds for the over payment if the lower valuation is approved. Since this is the first couple of years of the pipeline, the increases for future years will need to be monitored very closely in order to correctly forecast the tax dollars for the district. The district is forecasting the taxes at a decreased valuation amount in case the appeal is won by NEXUS. The tax payments received were paid on 43% of the total values from NEXUS.

#### **Comparison of Local Revenue and State Revenue:**

The following graph clearly shows that local taxpayers are the chief source of district operating dollars as the state funding formula is not attempting to help fund districts considered wealthy by the state. It is also apparent that revenue growth from the state has been and is projected to be mostly flat.

### State Foundation Revenue Estimates – Lines #1.035, 1.040 and 1.045

#### Current State Funding Model per HB110 through June 30, 2023

The actual release of the new Fair School Funding Plan formula has been delayed until December which is beyond the filing deadline of the forecast. We have projected FY22 and FY23 funding to be in line with the June 28, 2021 Legislative Service Commission estimates for our district.

#### A) Unrestricted State Foundation Revenue– Line #1.035

The amounts estimated for state funding are based on HB110, referred to as the Fair School Funding Plan (FSFP). The state foundation funding formula has gone through many changes in recent years. The most recent funding formula began in FY14 and was dropped in FY19 after six (6) years, followed by no foundation formula for two (2) years in FY20 and FY21, and now HB110 implements the newest and possibly the most complicated funding formula in recent years for FY22 and FY23. HB110 the current formula introduces many changes to how state foundation is calculated and expenses deducted from state funding which will potentially make the actual five-year forecast look different with estimates FY22 through FY26 compared to actual data FY19 through FY21 on Lines 1.035, 1.04, 1.06 and 3.03 of the forecasts.

#### Overview of Key Factors that Influence State Basic Aid in the Fair School Funding Plan

- A. Student Population and Demographics
- B. Property Valuation
- C. Personal Income of District Residents
- D. Historical Funding- CAPS and Guarantees from prior funding formulas

#### Base Cost Approach- Unrestricted Basic Aid Foundation Funding

The new funding formula uses FY18 statewide average district costs and developed a base cost approach that includes minimum service levels and student teacher ratios to calculate a unique base cost for each district that includes base funding for five (5) areas:

1. Teacher Base Cost (4 subcomponents)
2. Student Support (7 subcomponents-including a restricted Student Wellness component)
3. District Leadership & Accountability (7 subcomponents)
4. Building Leadership & Operations (3 subcomponents)
5. Athletic Co-curricular (contingent on participation)

### State Share Percentage – Unrestricted Basic Aid Foundation Funding

Once the base cost is calculated, which is estimated to be as high as \$7,202 per pupil when fully phased in, the FSFP calculates a state share percentage (SSP) calculation. The state share percentage in concept will be higher for districts with less capacity (lower local wealth) and be a lower state share percentage for districts with more capacity (higher local wealth). The higher the district's ability to raise taxes based on local wealth the lower the state share percentage. The state share percentage will be based on 60% property valuation of the district, 20% on federally adjusted gross income and 20% on federal median income, as follows:

1. 60% based on most recent three (3) year average assessed values or the most recent year, whichever is lower divided by base students enrolled.
2. 20% based on most recent three (3) year average federal adjusted gross income of districts residents or the most recent year, whichever is lower divided by base students enrolled
3. 20% based on most recent year federal median income of district residents multiplied by number of returns in that year divided by base students enrolled
4. When the weighted values are calculated and Items 1 through 3 above added together, the total is then multiplied by a Local Share Multiplier Index from ranging from 0% for low wealth districts to a maximum of 2.5% for wealthy districts.

When the unrestricted base cost is determined and multiplied by the state share percentage, the resulting amount is multiplied by the current year enrolled students (including open enrolled students being educated in each district), and finally multiplied by the local share multiplier index for each district. The result is the local per pupil capacity amount of the base per pupil funding amount. The balance of this amount is the state share to pay.

### **Categorical State Aid**

In addition to the base state foundation funding calculated above the FSFP also has unrestricted categorical funding and new restricted funding beginning in FY22, some of which will have the state share percentage applied to these calculations as noted below:

#### Unrestricted Categorical State Aid

1. Targeted Assistance/Capacity Aid – Provides additional funding based on a wealth measure using 60% weighted on property value and 40% on income. Uses current year enrolled average daily membership (ADM). Also, will provide supplemental targeted assistance to lower wealth districts whose enrolled ADM is less than 88% of their total FY19 ADM.
2. Special Education Additional Aid – Based on six (6) weighted funding categories of disability and moved to a weighted funding amount and not a specific amount. An amount of 10% will be reduced from all district's calculation to be used toward the state appropriation for Catastrophic Cost reimbursement.
3. Transportation Aid – Funding based on all resident students who ride including preschool students and those living within 1 mile of school. Provides supplemental transportation for low density districts. Increases state minimum share to 29.17% in FY22 and 33.33% in FY23.

#### Restricted Categorical State Aid

1. Disadvantage Pupil Impact Aid (DPIA) - Formerly Economically Disadvantaged Funding is based on number and concentration of economically disadvantaged students compared to state average and multiplied by \$422 per pupil. The phase-in increases are limited to 0% for FY22 and 14% in FY23.
2. English Learners – Based on funded categories based on time student enrolled in schools and multiplied by a weighted amount per pupil.
3. Gifted Funds –Based on average daily membership multiplied by a weighted amount per pupil.
4. Career-Technical Education Funds – Based on career technical average daily membership and five (5) weighted funding categories students enrolled in.

5. Student Wellness & Success Funding – moved into DPIA funding, is restricted funding and will be spent on same initiatives and requirements that were previously designated under the stand-alone fund.

### **State Funding Phase-In FY22 and FY23 and Guarantees**

HB110 provides funding for FY22 and FY23. While the FSFP was presented as a six (6) year phase-in plan, the state legislature approved the first two (2) years of the funding plan. The FSFP does not include caps on funding, rather it will include a general phase-in percentage for most components in the amount of 16.67% in FY22 and 33.33% in FY23. DPIA funding will be phased in 0% in FY22 and 14% in FY23. Transportation categorical funds will not be subject to a phase in.

HB110 includes “formula transition aid” which is a guarantee. There are actually three (3) guarantees in both temporary and permanent law to ensure that no district will get less funds in FY22 than they received in FY21. The guarantee level of funding for FY21 is a calculated funding guarantee level based on full state funding cuts from May 2020 restored, net of transfers and deductions, plus Student Wellness and Success funds (based on FY21 SWSF amounts), enrollment growth supplement funds paid in FY21 and special education preschool and special education transportation additional aid items.

### **Student Wellness and Success (Restricted Fund 467)**

In FY20 and FY21 HB166, provided Student Wellness and Success Funds (SWSF) to be deposited in a Special Revenue Fund 467. HB110 the new state budget has essentially eliminated these funds by merging them into state aid and wrapped into the expanded funding and mission of DPIA funds noted above and on Line 1.04 below. Any remaining funds in Special Revenue Fund 467 will be required to be used for the restricted purposes governing these funds until spent fully.

### **Future State Budgets Projections beyond FY23**

Our funding status for the FY24-26 will depend on two (2) new state budgets which are unknown. There is no guarantee that the current Fair School Funding Plan in HB110 will be funded or continued beyond FY23. For this reason, funding is held constant FY23 through FY26.

### **Casino Revenue**

On November 3, 2009 Ohio voters passed the Ohio casino ballot issue. This issue allowed for the opening of four (4) casinos; one each in Cleveland, Toledo, Columbus and Cincinnati. Thirty-three percent (33%) of the gross casino revenue is collected as a tax. School districts receive 34% of the 33% General Casino Revenue that is paid into a student fund at the state level. These funds are distributed to school districts on the 31<sup>st</sup> of January and August each year, which began for the first time on January 31, 2013.

Casino revenue fell slightly in FY21 due to COVID-19 and Casinos closing for a little over two months. We have increased the amount in FY22 back to pre-pandemic FY20 levels as Casino revenues appear to have dipped largely due to their closure and not in response to the economic downturn. Prior to COVID-19 closure, casino revenues were growing modestly as the economy improved. Original projections for FY22-26 estimated a .4% decline in pupils to 1,778,441 and GCR increasing to \$95.8 million or \$59.80 per pupil. We believe FY22 Casino revenues will resume their historical growth rate.

<b>Source</b>	<b>FY22</b>	<b>FY23</b>	<b>FY24</b>	<b>FY25</b>	<b>FY26</b>
Basic Aid-Unrestricted	\$6,292,369	\$6,311,074	\$6,311,074	\$6,311,074	\$6,311,074

**B) Restricted State Foundation Revenue – Line #1.035**

HB110 has continued Disadvantaged Pupil Impact Aid (formerly Economically Disadvantaged) and Career Technical funding. In addition, there have been new restricted funds added as noted above under “Restricted Categorical Aid” for Gifted, English Learners (ESL) and Student Wellness. The district has elected to also post Catastrophic Aid for special education as restricted revenues. The amount for Catastrophic Aid should increase since there is a deduction in state funding from special education to pay for additional costs in this area. The amount of DPIA is limited to 0% phase in growth for FY22 and 14% in FY23. We will not know until after the forecast submission deadline as to the amount of funds that will be restricted with HB110, since the Ohio Department of Education is still working on the formula accounting changes with tentative completion for the first payment in December 2021, therefore we have not included any amounts within the restricted chart at this time.

<u>Source</u>	<u>FY22</u>	<u>FY23</u>	<u>FY24</u>	<u>FY25</u>	<u>FY26</u>

**State Taxes Reimbursement/Property Tax Allocation****a) Rollback and Homestead Reimbursement**

Rollback funds are reimbursements paid to the district from Ohio for tax credits given owner occupied residences equaling 12.5% of the gross property taxes charged residential taxpayers on tax levies passed prior to September 29, 2013. HB59 eliminated the 10% and 2.5% rollback on new levies approved after September 29, 2013 which is the effective date of HB59. HB66, the FY06-07 budget bill, previously eliminated 10% rollback on Class II (commercial and industrial) property.

Homestead Exemptions are credits paid to the district from the state of Ohio for qualified elderly and disabled. In 2007, HB119 expanded the Homestead Exemption for all seniors 65 years of age or older or who are disabled regardless of income. Effective September 29, 2013, HB59 changed the requirement for Homestead Exemptions. Individual taxpayers who do not currently have their Homestead Exemption approved or those who do not get a new application approved for tax year 2013, and who become eligible thereafter will only receive a Homestead Exemption if they meet the income qualifications. Taxpayers who had their Homestead Exemption as of September 29, 2013 will not lose it going forward and will not have to meet the new income qualification. This will generally reduce homestead reimbursements to the district over time, and as with the rollback reimbursements above, the state is increasing the tax burden on our local taxpayers.

**Summary of State Tax Reimbursement – Line #1.050**

	<u><b>FY22</b></u>	<u><b>FY23</b></u>	<u><b>FY24</b></u>	<u><b>FY25</b></u>	<u><b>FY26</b></u>
Rollback and Homestead					
Total Tax Reimbursements #1.050	<u>\$835,987</u>	<u>\$817,638</u>	<u>\$835,146</u>	<u>\$843,686</u>	<u>\$857,198</u>

**Other Local Revenues – Line #1.060**

The main sources of revenue in this area have been open enrollment, tuition for court placed students, student fees, Manufactured home taxes and general rental fees.

HB110 the new state budget will stop paying open enrollment as an increase to other revenue for the district. Open enrolled students will be counted as students that attend the district within the Enrolled ADM and will be included in the state basic funding. This change is projected below as zeros to help show the difference between projected FY22-FY26 Line 1.06 revenues and historical FY19 through FY21 revenues on the five-year forecast.

Interest income fell sharply due to fed rate reductions due to the pandemic, we have continued to decrease interest earnings by 5% each year of the forecast. All other revenues are expected to continue on historic trends.

<u><b>Source</b></u>	<u><b>FY22</b></u>	<u><b>FY23</b></u>	<u><b>FY24</b></u>	<u><b>FY25</b></u>	<u><b>FY26</b></u>

**Transfers In / Return of Advances – Line #2.040 & Line #2.050**

These are non-operating revenues which are the repayment of short-term loans to other funds over the previous fiscal year and reimbursements for expenses received for a previous fiscal year in the current fiscal year. The district anticipates small amount each year for advances to other funds.

<u><b>Source</b></u>	<u><b>FY22</b></u>	<u><b>FY23</b></u>	<u><b>FY24</b></u>	<u><b>FY25</b></u>	<u><b>FY26</b></u>
Transfers In - Line #2.040	\$0	\$0	\$0	\$0	\$0
Advance Returns - Line #2.050	<u>5,000</u>	<u>5,000</u>	<u>5,000</u>	<u>5,000</u>	<u>5,000</u>
Total Transfer & Advances In	<u>\$5,000</u>	<u>\$5,000</u>	<u>\$5,000</u>	<u>\$5,000</u>	<u>\$5,000</u>

**All Other Financial Sources – Line #2.060 & Line #14.010**

This funding source is typically a refund of prior year expenditures that is very unpredictable. These revenues are inconsistent year to year and we will project a small amount in the remainder of the forecast

<u><b>Source</b></u>	<u><b>FY22</b></u>	<u><b>FY23</b></u>	<u><b>FY24</b></u>	<u><b>FY25</b></u>	<u><b>FY26</b></u>
Refund of prior years expenditures	<u>\$2,500</u>	<u>\$2,500</u>	<u>\$2,500</u>	<u>\$2,500</u>	<u>\$2,500</u>

## Expenditures Assumptions

The district's leadership team is always looking at ways to improve the education of the students whether it be with changes in staffing, curriculum, or new technology needs. As the administration of the district reviews expenditures, the education of the students is always the main focus for resource utilization.

### Estimated General Fund Operating Expenditures for FY22

### Wages – Line #3.010

The forecast reflects 1.67% base pay increases for certified staff and a 2% for classified staff and a 1.8% increase for steps and academic training based on current negotiated agreements.

In FY22, we are reducing wages by \$60,000 for staff that will be paid through the ESSER funding and will return the total amount that was decreased to the ESSER funds of \$270,000 to the forecast in FY24.

Supplemental salaries are increased each year based off of the base pay increase for certified staff of 1.67% in FY22 and 2% in FY23-FY26.

<u>Source</u>	<u>FY22</u>	<u>FY23</u>	<u>FY24</u>	<u>FY25</u>	<u>FY26</u>
Base Wages	\$8,683,233	\$8,930,845	\$9,149,845	\$9,697,845	\$9,998,824

<b>Total Wages Line #3.010</b>	<b><u>\$9,483,103</u></b>	<b><u>\$9,702,103</u></b>	<b><u>\$10,250,103</u></b>	<b><u>\$10,551,082</u></b>	<b><u>\$10,824,341</u></b>

### **Fringe Benefits Estimates Line 3.02**

This area of the forecast captures all costs associated with benefits and retirement costs, all of which are directly related to the wages paid with the exception of health and life insurance benefits.

#### **A) STRS/SERS**

Generally, the district must pay 14% of wages paid to both STRS and SERS. In addition, the district pays to SERS the employee surcharge which is an additional amount required over the 14% to provide added funds SERS collects to supplement contributions on lower paid short hour classified staff so they can have a pension when they retire.

#### **B) Insurance**

Based on current industry trend, this forecast assumes annual increases of 6% for FY22 and 8% increase in FY23 through FY26. Our estimates are based on our current employee census and claims data. This could increase at a much higher rate should claims increase dramatically.

The Further Consolidated Appropriations Act of 2020, included a full repeal of three taxes originally imposed by the Affordable Care Act (ACA): the 40% Excise Tax on employer-sponsored coverage (a.k.a. “Cadillac Tax”), the Health Insurance Industry Fee (a.k.a. the Health Insurer Tax), and the Medical Device Tax. These added costs are no longer an uncertainty factor for our health care costs in the forecast.

#### **C) Workers Compensation & Unemployment Compensation**

Workers Compensation is expected to remain at about 0.41% of wages for FY22-FY26. Unemployment Compensation had been negligible prior to the pandemic, we have maintained the same amount that was paid in FY21 for the remainder of the forecast and will review this throughout the forecast.

#### **D) Medicare**

Medicare will continue to increase at the rate of increase of wages. Contributions are 1.45% for all employees hired to the district on or after April 1, 1986. These amounts are growing at the general growth rate of wages.

### **Summary of Fringe Benefits – Line #3.02**

<u>Source</u>	<u>FY22</u>	<u>FY23</u>	<u>FY24</u>	<u>FY25</u>	<u>FY26</u>
A) STRS/SERS	\$1,457,883	\$1,492,257	\$1,572,262	\$1,622,619	\$1,665,390
B) Insurance's	1,714,431	1,851,585	2,047,712	2,211,529	2,388,451

Total Fringe Benefits Line #3.020	<u>\$3,374,103</u>	<u>\$3,549,704</u>	<u>\$3,836,028</u>	<u>\$4,055,801</u>	<u>\$4,280,577</u>

### **Purchased Services – Line #3.030**

HB110 the new state budget will impact Purchased Services beginning in FY22 as the Ohio Department of Education will begin to direct pay these costs to the educating districts for open enrollment, community and STEM schools, and for scholarships granted students to be educated elsewhere, as opposed to deducting these amounts from our state foundation funding and shown below as expenses. We have continued to show these amounts below as zeros to help reflect the difference between projected FY22-FY26 Line 3.03 costs and historical FY19 through FY21 costs on the five-year forecast.

We have reduced College Credit Pus, excess costs and other tuition costs line for \$75,045 that was included in this line for scholarship deductions. These other tuition costs will continue to draw funds away from the district, which will continue in this area and have been adjusted based on historical trend.

We have based the remainder of the purchased services off of the historical amounts that have been spent in these areas. The increases are between no increases to 4% increase each year. In FY25 the district will increase Professional & Technical Services, ESC line by \$150,426 for services through the ESC of a literacy coach, BCBA and parent liaison that had been paid through ESSER funds but will now be added to the forecast.

<u>Source</u>	<u>FY22</u>	<u>FY23</u>	<u>FY24</u>	<u>FY25</u>	<u>FY26</u>

Total Supplies Line #3.040	<u>\$471,605</u>	<u>\$483,395</u>	<u>\$495,480</u>	<u>\$507,866</u>	<u>\$520,563</u>

### **Equipment – Line #3.050**

The district does not anticipate costs increasing significantly in this line because most capital outlay is paid by the Permanent Improvement Fund. The district does plan on purchasing one bus each year of the forecast. The district will also purchase one maintenance truck in FY22.

<u>Source</u>	<u>FY22</u>	<u>FY23</u>	<u>FY24</u>	<u>FY25</u>	<u>FY26</u>
Capital Outlay & Maintenance	\$25,000	\$25,000	\$25,000	\$25,000	\$25,000
Technology/Curriculum Purchases	68,758	68,758	68,758	68,758	68,758
Busses & Other Vehicles	<u>159,000</u>	<u>107,950</u>	<u>113,348</u>	<u>119,015</u>	<u>124,966</u>

### **Other Expenses – Line #4.300**

The category of Other Expenses consists primarily of County Auditor and Treasurer Fees for collection of property taxes and advertising for delinquent taxes. Auditor and Treasurer Fees are expected to increase by 2%

each year of the forecast. Other expenses are liability insurance, annual audit, ESC fees and dues and fees. The district does not expect to increase these items throughout the forecast.

<u>Source</u>	<u>FY22</u>	<u>FY23</u>	<u>FY24</u>	<u>FY25</u>	<u>FY26</u>
County Auditor & Treasurer Fees	\$175,932	\$179,451	\$183,040	\$186,701	\$190,435
ESC Deduction	227,600	227,600	227,600	227,600	227,600
Annual Audit Costs	30,238	30,238	30,238	30,238	30,238
Dues, Fees & other Expenses	<u>86,106</u>	<u>86,106</u>	<u>86,106</u>	<u>86,106</u>	<u>86,106</u>

#### **Transfers Out/Advances Out – Line #5.010**

This account group covers fund to fund transfers and end of year short term loans from the General Fund to other funds until they have received reimbursements to repay the General Fund. These amounts are limited in impact to the General Fund as the amounts are repaid as soon as dollars are received in the debtor fund. We have included the \$75,000 annual transfer out to the retirement severance fund.

<u>Source</u>	<u>FY22</u>	<u>FY23</u>	<u>FY24</u>	<u>FY25</u>	<u>FY26</u>
Operating Transfers Out Line #5.010	\$75,000	\$75,000	\$75,000	\$75,000	\$75,000
Advances Out Line #5.020	<u>5,000</u>	<u>5,000</u>	<u>5,000</u>	<u>5,000</u>	<u>5,000</u>
Total Transfer & Advances Out	<u>\$80,000</u>	<u>\$80,000</u>	<u>\$80,000</u>	<u>\$80,000</u>	<u>\$80,000</u>

#### **Encumbrances – Line #8.010**

These are outstanding purchase orders that have not been approved for payment as the goods were not received in the fiscal year in which they were ordered.

	<u>FY22</u>	<u>FY23</u>	<u>FY24</u>	<u>FY25</u>	<u>FY26</u>
Estimated Encumbrances Line #8.010	<u>\$671,084</u>	<u>\$671,084</u>	<u>\$671,084</u>	<u>\$671,084</u>	<u>\$671,084</u>

#### **Operating Expenditures Actual FY19 through FY21 and Estimated FY22 through FY26**

As the graph on the following page indicates, we have been diligent at reducing costs in reaction to lower and flat state revenues in the past. We are maintaining control over our expenses while balancing student academic needs to enable them to excel and do well on state performance standards.

### Ending Unencumbered Cash Balance “The Bottom-line” – Line #15.010

This amount must not go below \$-0- or the district General Fund will violate Ohio Budgetary Laws. Any multi-year contract which is knowingly signed that results in a negative unencumbered cash balance is a violation of Ohio Revised Code section 5705.412, punishable by personal liability of \$10,000, unless an alternative “412” certificate can be issued pursuant to House Bill 153 effective September 30, 2011.

	<u>FY22</u>	<u>FY23</u>	<u>FY24</u>	<u>FY25</u>	<u>FY26</u>
Ending Unreserved Cash Balance Line #15.01	<u>\$7,965,451</u>	<u>\$8,815,771</u>	<u>\$8,764,081</u>	<u>\$8,306,289</u>	<u>\$7,456,763</u>

### True Cash Days Ending Balance

Another way to look at ending cash is to state it in ‘True Cash Days’. In other words, how many days could the district operate at year end if no additional revenues were received. This is the Current Years Ending Cash Balance divided by (Current Years Expenditures/365 days) = number of days the district could operate without additional resources or a severe resource interruption. The government finance officers association recommends no less than two (2) months or 60 days cash is on hand at year end but could be more depending on each district’s complexity and risk factors for revenue collection. This is calculated including transfers as this is a predictable funding source for other funds such as capital, athletics and severance reserves.

### Ending Unencumbered Cash Balance in True Cash Days

### Conclusion

Keystone Local School District receives 43.8% of its funding for the district from state dollars which is very beneficial to the overall operations for the education of our students.

The district administration is grateful for the changes in the current state budget HB110 as it has reduced the amount that was deducted for programs that were not within the district's control. However, future state budgets funding will need to be watched since, the full amount of the Fair School Funding Plan was not totally implemented with this budget and there is no guarantee for future increases in state budgets for FY24-FY26.

As the administration plans for the future, they will need to make sure that the district is able to obtain positive cash balance throughout the forecast. They will need to review the expenditures based on the current revenues in able to obtain this.

As you read through the notes and review the forecast, remember that the forecast is based on the best information that is available to us at the time the forecast is prepared.
