Food Services Department

Policy Update for Children with Food Allergies or Intolerance

Keystone Families,

Per USDA guidelines, Keystone Local School District has elected to provide Lactaid, a nutritionally comparable milk substitute, to accommodate children with allergies or intolerances. This offering is made to students who have a documented allergy and who have submitted a physician's note to the school nurse or Food Services Supervisor.

Please note, we are no longer able to house milk substitutes brought from home in the cafeteria cooler.

If you are unsure if your child qualifies for this food allergy/intolerance, please contact Food Services Supervisor Jody White via phone or email.

Sincerely,

Jody White, Food Services Supervisor
Keystone Local School District
